Job Title: CDL Class A Driver with Mechanical Skills

Department: Production

Reports To: Production Manager

FLSA Status: Non-Exempt

Company Profile and Mission:

Collins & Jewell Co., Inc is an Industrial Installation and Custom Steel Fabrication company which provides the Manufacturing and Processing Industries with the latest mechanical services. Our professionally trained staff can cover the complete spectrum of Industrial Installation and Custom Fabrication manufacturing projects ranging from mechanical, electrical, and project management needs for any scale project large or small. This is done through our high caliber responsive team of experienced professionals who employ integrity, honesty, and ingenuity. Our commitment is to deliver the highest quality, the latest technology, and unmatched flexibility which will enable us to exceed our customers' expectations.

Our mission is to pride ourselves in our ability to meet the needs of our growing list of customers and welcome the opportunity to face special challenges head-on while maintaining a strict standard of cost-effectiveness and timeliness.

COVID-19 continues to significantly impact our employees, families and communities. With employee health and safety as our top priority, Collins & Jewell Company Inc is taking action to address the increased risk and uncertainty COVID variants pose in the workplace and ensuring we meet our commitments to national security.

Summary of Position:

Drive trucks with capacity of more than 3 tons to transport materials and equipment to specific destinations. Operate mechanical boom and overhead hoist/crane equipment to lift and move materials, machines, or products in many directions. Operate controls on sliding step deck and RGN style trailers. Flatbed experience is a plus also the ability to perform Millwright duties when not performing CDL Class A requirements.

Job Requirements include but not limited to the following. Other duties may be assigned per the direction of the Production Manager and/or the Chief Operating Officer/Chief Financial Officer.

Essential Duties and Responsibilities:

- Hold and maintain a valid CDL Class A Driver's License
- Obey all local, State, Federal and DOT Regulations
- Maintain work records, logs, and timesheets, DVIR, and trip reports
- Clean, Maintain and inspect equipment or machinery
- Perform safety inspections in manufacturing or industrial setting
- Convey loads to destination
- Inspect material moving equipment such as cables, chains, binders and straps
- Load and unload equipment, materials, or products
- Direct and coordinate activities of workers helping to load and unload
- Read or understand instruments on heavy equipment
- Examine products, materials and/or work to verify accuracy and conformance to specifications
